It then continues along the base of broken ranges of hills in a north-easterly direction to the South of a large orange garden (Pillar 15), then North (Pillar 16), and North-West (Pillar 17) to the base of a line of hills which demarcate the boundary for upwards of two miles to Bala Nuddee (Pillar 18), down the course of the Bala Nuddee to the Nazir Khal at Peshkargaon (where there is a Revenue Survey Masonry Pillar) and going along for some distance along the last-mentioned Khal westward, it follows the low ranges of hills to the Kaseemara River (Pillar 19). Thence crossing the Doolye River (Pillar 28) the boundary runs in a straight line for a short distance on a north-westerly direction to a low range of hills (Pillar 29), the base of which it follows to the Dhamalia River (Pillars 30 and 31), thence up the course of the Dhamalia to the old Dhamalia bed, along which it runs to the village of China Kondi (Pillar 32), and again along the base of the hills to the northernmost part (Pillar 33) of that village, which is straggling to near Barahdee Bheel and into the Jodoo Kotee River (Pillar 34) from the west bank of the Jodoo Kotee River (Pillar 35) a little to the South of the boundary on the eastern side, it takes a north-westerly direction to Rajai Churra (Pillar 36) to the base of a range of hills which it follows the whole way to the Mymensing District with Pillars at Luckmagaon Churra (Pillar 37), Kalagong Churra (Pillar 38), Bugla Churra (Pillar 39), Kelta Churra (Pillar 40), and Roopa Churra (Pillar 41).

No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. payment in full has been made by the said purchaser or his order.

11th. The Officer superintending the sale on the part of the Board of Revenue is empowered to reject at his discretion, the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12th. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the Officer of Government superintending the sale shall be competent at any time during the sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always that no lot shall be sold below the minimum price of Rupees 800 specified in the second of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price, and under the same Conditions, any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15th. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of Such Opium.

16th. The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1865-66, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state; to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta may be seen on application at the Office of the Junior Secretary to the Board of Revenue.

17th. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but, in accordance with established usage, under no circumstances will the Board entertain or

recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the sale and delivery of the Opium for shipment.

18th. It is hereby further notified that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1867, there shall be delivered to them at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification.

* Behar	21,000
Benares	21,000
	42,000

If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000* Chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th —“ With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sale of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended sales shall have been published in the Government Gazette.

Offg. Junior Secretary.

Municipality of the Suburbs of Calcutta.

HIS HONOR the Lieutenant-Governor of Bengal, in accordance with the provisions of Section 88, Act III. (B. C.) of 1864, having directed the publication of the following Bye-laws for the Suburbs of Calcutta, in supersession of the existing ones, in the *Calcutta* and *Bengalli Gazettes*, they are hereby published for general information:—

For regulating the time and mode of collecting the Rate and Taxes.

1. EACH quarterly instalment of the rate and taxes mentioned in the Act shall be considered to have become due at the commencement of the quarter on account of which such instalment is payable, and may be levied at any time after the commencement of such quarter, that is to say:—

The instalment payable on account of the quarter ending	31st July. " Oct. " Jan. 30th April.	May be levied on and after	1st May. " Aug. " Nov. " Feb.
---	---	----------------------------	--

2. From the lists prepared under the provisions of Sections 29 and 39 of the Act, the collecting officer shall prepare the bills prescribed by Section 44. The bills so prepared shall be issued under the signature of the Commissioners or Officers appointed by them, or their Secretary, if there be one, to the subordinate officers on the collecting establishment, and shall be by them presented to the persons named therein, in the manner hereinafter described.

3. Every collecting officer shall be provided with a certificate of his authority to collect; and every such certificate shall bear the seal of the Municipality and the signature of the Chairman or Vice-Chairman. Every collecting officer at the time of demanding payment shall be bound to shew this certificate if required.

4. The collecting officer, taking the money in payment of any demand, shall give the receipt for it.

5. When the name of any owner is not known, it shall be sufficient to designate him in any notice, bill, or other proceeding under the Act, as the owner of the property on which the rate is assessed, without further description.

6. Every bill, for any sum due on account of the rate or taxes leviable under the Act, shall, if possible, be presented to the individual named therein in person; but if such personal presentation be found impossible, the bill shall be left at his usual place of abode, and such delivery shall be deemed to be the presentation required by Section 44.

7. The officer to whom a bill may be issued for presentation, shall receive the amount of such bill at the time of presentation, or at any time within ten days from the date on which the bill shall have been first presented by him.

8. Every person required, in writing, to furnish any schedule or return which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in Section 81 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rupees 5 for the omission, and to a penalty not exceeding Rupees 2 for every day the omission shall, after warning, continue. Any person submitting a false or incorrect schedule or return

shall be liable to a penalty of Rupees 5, provided that nothing in this Bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code, should the facts appear to warrant such a proceeding.

9. Every owner, occupier, or other person shall permit the Commissioners, or any one appointed by them, under a written authority for that purpose, at any time between sun-rise and sun-set, to enter and inspect any coach-house or stable in which there is reason to believe that there is any vehicle or animal liable to taxation under Section 35 of the Act. Any person obstructing the Commissioners, or any person duly authorized by them in making such entry and inspection, shall be liable to a fine not exceeding Rupees 20.

10. Every distraint made under the Act shall be executed by the collecting officer, unless the Commissioners may otherwise direct, and the property distrained shall, pending sale or recovery from the defaulter of the amount due, remain in charge of the collecting officer, who shall deliver a list in the Form C., prescribed in the Act, of the property distrained.

11. Immediately on distraint the distraining officer shall post upon the house of the defaulter a notice of sale, fixing a day for the sale, not less than seven days from the date of distraint; and on the day of sale notice shall be given by beat of drum.

12. Payment of purchase money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

13. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

14. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

15. Whenever it shall be proved to the satisfaction of the Commissioners that any person in their employ has been guilty of any violation of duty, or wilful breach or neglect of any rule, regulation, or order made or given by competent authority, or has withdrawn from the duties of his office without permission or without having given previous notice for the period of one month, or has done any act by the performance of which, or has omitted to do any act by the non-performance of which, the Commissioners shall have suffered, or may have incurred the risk of suffering, loss or injury, or has failed to perform any duty

with all due diligence, or has been guilty of any act of insubordination towards any superior officer, or has accepted or obtained, or agreed to accept or attempted to obtain, from any person, for himself or for any other person, any gratification whatever, other than authorized remuneration, in respect of any official act, or has in his official capacity given any information which he knows or believes to be false, or has committed any offence punishable under any law, such person shall be liable to punishment by fine not exceeding one month's pay, or by suspension from office for such period as the Commissioners may fix, or by degradation, or by summary dismissal from his situation, in addition to any penalty to which he may be liable under the provisions of any law. Any person so dismissed shall be liable, at the discretion of the Chairman, to forfeit all pay and allowances due to him, not exceeding the pay and allowances for one month.

16. The Chairman or Vice-Chairman may originate, receive, or enquire into a complaint of misconduct or neglect in the performance of duty against any person employed by the Commissioners.

17. Nothing herein contained shall be held to debar the Commissioners from instituting proceedings in any Civil Court having jurisdiction against any person being or having been in their employ, with a view to the recovery of damages for any loss or injury which they may have sustained in consequence of any act done or omitted to be done by such person.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

SIR,—*Para. 1.* With his Despatch No. 191 of the 17th June 1861, Sir C. Wood forwarded, for the information of your Excellency's Government, a copy of the report of a Royal Commission, of which Lord Cranworth was President, and which had been appointed for the purpose of inquiring into certain complaints which had been made by Officers of the Indian Army, to the effect that the measures recently adopted by Her Majesty's Government in relation to that Army had been in violation of the assurance of Parliament contained in certain clauses of the Acts 21 & 22 Vic., c. 106, and 23 & 24 Vic., c. 100.

2. Your Excellency was at the same time informed of the steps which Her Majesty's Government had taken in consequence of the opinion expressed by the Commissioners in their report.

3. The Commission necessarily turned, in the first instance, to a consideration of the nature and extent of the Parliamentary guarantee, and upon that subject expressed themselves in the following terms :—

" *Para. 31.* In considering this subject, we must begin by assuming that the word 'entitled' cannot be understood as referring to rights capable of being enforced in a Court of Justice. If any such rights exist, no opinion, we may express, can or ought to affect them. We propose, therefore, to assume that the Officers had not against the Company, and have not against the Crown, any such rights. And the question is, what, on that assumption, is the proper interpretation to be put on the language of the Act. It could not have been intended to prevent the Crown, if in the interests of India and of the Empire at large it should deem it necessary, from reducing the numbers of the Indian Army, or altering its organization. It would have been in the power of the Company to make such reductions and changes, and a similar power was transferred to the Crown. All we can understand Parliament to have guaranteed to the Officers is, that in making any such reductions, their interests should as little as possible be interfered with, and that in any change of organization, the Crown should, as no doubt the Company would have done, preserve all the rules as to pay, pension, allowances, and privileges and the like advantages as regards promotion and otherwise, which existed at the time the Act was passed ; or if in any case that should be impossible then that some counterbalancing benefit should be given to compensate any advantage which it might be impossible to retain. When once we

have come to the conclusion that what Parliament meant to guarantee was not a strict legal right, capable of being enforced in a Court of Justice, we are unavoidably, from the nature of the subject matter, obliged to adopt less definite principles of construction than those by which Acts of Parliament are generally to be interpreted. We must consider the language of the Act in connexion with the subject with which it was dealing, and in that spirit we now proceed to consider the several memorials referred to us by your Majesty."

4. The several complaints made by the Officers of the Indian Army were classed by the Commission under 13 heads, and they reported that—

In 8 cases there had been no infringement of the guarantee.

In 3 there had been, and in 2 there might hereafter prove to be an infringement of it.

5. The three measures which that Commission reported to have involved infringements of the guarantee, were—

1st.—The supersession of Regimental Officers by the promotion of their brother Officers under the Staff Corps Rules;

2nd.—The retention on the cadres of Native Regiments of the names of Officers transferred to the new Line Regiments; and

3rd.—The arrangements laid down in the Royal Warrant of 1st January 1862 (as far as they affect Officers of Cavalry and Infantry of the Indian Army) for regulating the promotion of Colonels of the Indian Army of date subsequent to the 17th February 1861 to the rank of General Officer.

6. The two which they considered to be doubtful in their effect were—

1st.—The regulation by which 12 years is made the period of service in the grade of Lieutenant-Colonel; and

2nd.—The reduction of the number of Regimental Lieutenant-Colonels by making promotion in succession to one-half only of the Officers of that rank who accepted the special annuities offered to them on retirement in 1861.

7. The measures which were adopted with a view of directly remedying the above declared infringements of the guarantee, were as follows:—

1st.—Placing the Officers of the several Staff Corps and of the Indian Army upon a footing of equality in respect of promotion in Army rank by the introduction of a rule of promotion applicable alike to Officers of the Indian Army and of the Staff Corps, by which all Officers would obtain brevet rank in the several grades upon completion of certain fixed periods of service (from date of first Commission), such rule to take effect retrospectively from the 18th February 1861—the date of formation of the Staff Corps;

2nd.—The removal from the cadres of Native Regiments of the names of those Officers who had joined the new Line Regiments, promotion being made in their places;

3rd.—Extensive modifications in the Warrant of 1st January 1862, for regulating the promotion of Colonels in the Indian Army.

8. The above measures afforded, in the opinion of Her Majesty's Government, a direct remedy for those complaints of a breach of the Parliamentary guarantee which had been reported by Lord Cranworth's Commission to be well founded, and in

addition to these, and with a view to afford compensation to the Officers of the Army for any possible injury that they might sustain in their prospective promotion, a great and permanent impetus was given to regimental promotion in the three Armies (which had been already greatly accelerated by the grant of special annuities to about 800 Officers on retirement) by the adoption of a rule that the names of all Officers of the Staff Corps should, on attaining the position of Lieutenant-Colonel in the general (regimental) list of the several Presidencies, be struck off and promotion made in their places. At the same time certain additions were made to the revised establishment of Regimental Lieutenant-Colonels in Madras and Bombay.

9. The beneficial effect of the removal of Lieutenant-Colonels from the general list has been already very sensibly felt in the impulse which it has given to promotion among the Officers of the Indian Army.

10. Upon these measures, which were duly carried out by your Excellency's Government, your Excellency observed in your Despatch of the 8th November 1864,—

"It is scarcely possible that extensive changes in the Army should ever be made without unfavorably affecting the position of some individuals relatively, *i. e.*, as compared with that of some others, and the instance in question is no exception to this rule. But we think there can be no doubt that, by the measures ordered in your Despatch, substantial hardship in the matter of promotion is avoided."

11. On the same occasion, His Excellency the Commander-in-Chief in India, Sir Hugh Rose, made the following observations:—

"Under the measures directed by the Right Hon'ble the Secretary of State, the chief cause of complaint, as frequently brought to the notice of Government by His Excellency, *viz.*, 'the supersession of Regimental Officers by their juniors of the Staff Corps' has been removed entirely. It may, at the same time, be observed that whilst some Officers will continue to suffer supersession, the privileges now conferred on the Army generally are specially advantageous to the Officers who have not joined the Staff Corps, and to those who have been unfortunate in their promotion."

12. After shewing how, under the new rule, certain Staff Corps Officers will be superseded by Officers who have remained with their Regiments, Sir Hugh Rose remarked,—

"These calculations may not be absolutely exact as they are taken from an Army List dated 1st April last; but they suffice to illustrate the favorable working of the new arrangements in regard to Officers who have remained with their Regiments, and they shew to the satisfaction of the Commander-in-Chief that the Local Officers gain very important and solid advantages under the recently sanctioned regulations."

13. Your Excellency will have observed, however, that an address to Her Majesty was moved and carried in the House of Commons on the 2nd of May 1865, praying that Her Majesty would be pleased "to redress all such grievances complained of by the Officers of the late Indian Armies, as were admitted by the Commission on the Memorials of Indian Officers to have arisen by a departure from the assurances given by Parliament by 21 and 22 Vic., cap. 106, and 23 and 24 Vic., cap. 100."

14. Her Majesty was pleased in consequence to appoint a Commission, composed of the Officers named in the margin, who were instructed, with reference to the terms of the above address, to enquire into and examine whether the measures above referred to "are effectual and sufficient for the purpose of removing such causes of complaint as have been reported in the terms hereinbefore stated by the said first-mentioned Commissioners to have arisen by a departure from the assurances given by Parliament, or for the purpose of giving a counterbalancing benefit in any cases where any rules as to pay, pension, allowances, and privileges, and the like advantages as regards promotion and otherwise, which existed when the Acts above referred to were passed, have not been retained; and in what respects, and to what extent, if at all, such measures fall short of what may be required for removing the cause of such complaints, or for giving such counterbalancing benefit in lieu thereof."

15. I now forward, for your Excellency's information, a copy of the report of this Commission, dated the 14th September 1865.

16. In carrying out their instructions, the Commissioners state that they have arranged the points upon which they have to submit their opinion in the following order :—

1st.—The retention on the cadres of Native Regiments of Cavalry and Infantry of the names of Officers transferred to the new Line Regiments of Her Majesty's Army.

2nd.—Arrangements for regulating the promotion of Colonels of the Indian Army, of date subsequent to the 17th February 1861, to the rank of General Officer.

3rd.—The filling up of only half the vacancies occasioned by the retirement of Lieutenant-Colonels upon increased pensions from 31st December 1861, and the retention of the means of the retired Lieutenant-Colonel upon the regimental gradation lists, in order to regulate subsequent promotions to Colonel with Colonel's allowances.

4th.—The rule under which Lieutenant-Colonels are to be promoted to Colonel, with Colonel's allowance, on the completion of 12 years' service in the rank of Regimental Lieutenant-Colonel.

5th.—The supersession of Regimental Officers by Officers of the Staff Corps.

17. Upon these several points they report as follows :—

That the measures adopted upon the 1st point have been effectual and sufficient :

That they consider the measures adopted in relation to the 2nd point effectual and sufficient, so far as the arrangements connected with the Ordnance Service come within the scope of their enquiry.

18. Upon the 3rd point the Commission state that, from the views which have been expressed by many of the monopolists, they are of opinion that there exists much apprehension upon this point, which they therefore endeavor to remove.

19. With reference to the large reductions made in the Indian Army, they state that whatever the number of Regiments to be reduced, there must of course have followed a corresponding reduction in the number of Colonels, and, consequently, of Colonel's allowances; and on the arrangement by which that reduction was effected at the same time that special inducements were held out to the Lieutenant-Colonels to retire, they justly remark,—

"This was intended as a means of making the retardation of succession to the rank of Regimental Colonel with Colonel's allowance a gradual process, and so of making it less immediately felt," and they sum up their remarks under this head in the following words :—

"Under this point, therefore, we are of opinion that, if promotions* be allowed in continuation of the promotions already made from the 1st January 1862, to complete the numbers above indicated, no loss will have been sustained, either by Regiments or by Officers, of anything they could be entitled to claim under this head."

20. The Commission appear to have overlooked the fact, that promotions to an extent even beyond those now recommended by them were actually made under the authority of Sir C. Wood's Despatch No. 194 of the 17th June 1864, in continuation of those made on the 1st January 1862.

21. A reference, however, to that Despatch, paragraphs 51, 52, and 80, and to General Order by your Government, No. 632 of the 4th August 1864, will shew that with a view of rendering the effect of the reduction in the number of Lieutenant-Colonels equal in the three Presidencies, promotions were made in Madras and Bombay to the following extent :—

	Cavalry.	Infantry.
Madras, Lieut.-Colonels ...	1	4
Bombay, " " ..	0	3

22. These promotions were made from the 16th July 1864—the date of the receipt in India of the Despatch authorizing them. I shall not object, however, to their being antedated to the 1st January 1862, in accordance with the views of Sir John Aitchison's Commission.

23. The Commission discuss the 4th point by endeavoring to ascertain the average period served heretofore in the grade of Regimental Lieutenant-Colonel.

24. This, taking the mean of two periods of 15 and 20 years respectively, they shew to have been 11.02 years.

25. This being the case, and having already stated in paragraph 23 of the report that, "supposing a reduced establishment or regiments to have been determined upon and published in December 1861, Her Majesty's Government would of course have been distinctly entitled to declare the difference of number, namely, 15, supernumerary, and, therefore, if thought good, liable to the ordinary process of absorption, more or less gradual," and shewn that the course followed did actually make the inevitable retardation of promotion a gradual process, and so less immediately

felt, the Commission have notwithstanding recorded their opinion upon this point in the following words :—

“ Taking into consideration, then, that none of the Lieutenant-Colonels promoted prior to 1st January 1862 have benefitted by any of the measures which have operated to accelerate promotion among their juniors ; that, on the contrary, the changes which have occurred have been to their detriment, as having lessened their chances of employment, in commands, and that their succession to Colonelcies in the ordinary course from the removal of their retired seniors must henceforth be slower than before, we come to the conclusion that the 12 years’ term is about two years in excess of a fair period.”

26. The Commission thus fully admit the propriety of reduction, and the inevitable consequence of that reduction, *viz.*, some retardation of promotion ; but they conclude not only that such retardation is inadmissible under the guarantee, but that, in this particular case, the advancement of Lieutenant-Colonels to the Colonel’s allowance should be expedited by one year, that is, service in the grade of Lieutenant-Colonel reduced from 11 years to 10.

27. With regard to the Lieutenant-Colonels promoted on and after the 1st January 1862, the Commission report as follows :—

“ As regards Lieutenant-Colonels promoted on and after the 1st January 1862, the 12 years’ rule has been made absolute from that date forward.

“ As a general period, looking to the future of the Indian service, and probably not representing eventually more than 38 years’ total service, it may not be in excess.”

28. Having thus recorded their opinion upon the 4th point of their inquiry, being one of the two cases in which Lord Cranworth’s Commission pronounced a doubtful opinion, the Commission proceed to consider the length of service to which some of the older Officers in the Army have attained, notwithstanding, as they observe, with reference to certain Lieutenant-Colonels of the 1st January 1862, “ that some of these Officers have had their promotion to Lieutenant-Colonel accelerated by the retirement of Officers upon the increased pensions ;” and believing that it might be for the advantage of the

public service to provide a means of relieving the Indian Army from old and worn-out Officers, such as some may even now be, and as more will hereafter become, they suggest,

the addition of two higher rates of retiring allowance for 35 and 38 years’ service respectively, either in the form of pension or of part pension and part capital, these periods usually representing a total service of seldom less than 40 and 43 years.

29. In further support of this proposal, the Commission observe as follows :—

“ Para. 54. And we may here observe that the periods of service of Officers in the grades of Major and Captain are, in numerous instances, much longer than is generally supposed ; so that, with all the advantages of accelerated promotion, they will, for the greater part, reach to 40 or more years’ service before promotion to Regimental Colonel. There are, for example, many Officers,

now Regimental Captains, who have already completed more than 25 years’ service.”

And they give examples of some Officers who, under the ordinary chances of the service, have been unlucky in their promotion.

30. The cases of these Officers, who, it is admitted, have had or will have their promotion accelerated by recent measures, did not properly fall within the limits of the inquiry entrusted to the Commission ; but it must be observed, in connexion with this subject, that so far as promotion, present and prospective, is concerned, a careful comparison between the Indian Army Lists of 1860 and 1866 will shew that, by the several measures introduced during that period, *viz.*, the introduction of new rules of promotion for the Officers joining the Staff Corps, the offer of special annuities, inducing above 300 of the senior Officers to retire, the removal of the names of all Staff Corps Officers when attaining to the position of Lieutenant-Colonel in the List of the Indian Army, and the brevet arrangement of 1864, the promotion of the Officers of the Indian Army has been greatly accelerated within that period, and this, too, while the Native Army itself was undergoing reduction to the extent of one-half of its strength in 1857.

31. Upon the 5th point the Commission have reported as follows :—

“ We have given our most anxious and earnest consideration to this very difficult and complicated question, and we consider that we shall not fulfil the duty imposed on us if we fail to submit our opinion that the measure adopted by your Majesty’s Government upon this point has not been effectual and sufficient to remove the grievance originally complained of. The main ground of that grievance we consider to be the regimental connexion between the local line and the Staff Corps, by the retention of the names of Staff Corps Officers on the cadres of Regiments, and also by the retention on the old European Regimental Cadres of the names of those Officers who have been transferred to the new Line Regiments.

“ The measure adopted by your Majesty’s Government, therefore, falls short of what is required, inasmuch as it has not removed the cause of grievance, whilst the grievance itself has been aggravated by the disturbing effect of the general brevet.

“ The removal of Staff Corps Officers from regimental cadres might not prevent supersession either of the local line Officers by those of the Staff Corps, or of Staff Corps Officers by those of the local line, but—belonging as they would then do to entirely distinct cadres, each body having its own distinct terms of service—such individual supersession would constitute no invasion of principle.”

32. And they sum up their observations upon this point in the following words :—

“ On Point V. we consider that the measure adopted by your Majesty’s Government has not been effectual and sufficient, because of—

“ 1st.—The non-removal from the cadres of Regiments of the Officers transferred to the Staff Corps and the new Line Regiments, as indicated by the Committee assembled by the Secretary of State, 30th July 1866, of which Lord Rotham was President.

"2nd.—The consequent withholding of promotion.
"3rd.—The disturbing effect of the brevet.

"In the settlement of questions of a most complicated character, arising out of extensive and organic changes in a body of such magnitude as the old Indian Army, accompanied with large but unavoidable reductions, we cannot venture to suppose that all objections can be removed, or all conflicting interests reconciled; but it appears to us perfectly practicable to remove all just ground for complaining of the infraction of any real and established right in connexion with the particular points referred to us for report."

33. It will be seen that the Commission appointed by Her Majesty on this occasion have not confined themselves strictly to the questions submitted for their consideration.

34. They have suggested in one instance a measure, viz., the introduction of additional rates of retiring pension, which has no reference to the complaints brought under the consideration of Lord Cranworth's Commission: and they have, moreover, recorded their opinion against an important feature in the scheme for the re-organization of the Indian Army, which the former Commission had pronounced to be no breach of the Parliamentary guarantee, and which, therefore, did not come within the scope of their inquiry. I allude to the retention of the names of Officers of the Staff Corps on the cadres of their former Regiments.

35. Her Majesty's Government consider this question to have been finally settled by the report of Lord Cranworth's Commission, and they decline to re-open it. They are, however, not only ready to apply in all cases a remedy to acknowledged grievances, but they are most desirous to remove every reasonable ground of complaint on the part of the Officers of the Army.

36. Although, therefore, Her Majesty's Government are convinced that the substantial interests of the Army at large have been, in many respects, materially advanced by the several measures that have been introduced since 1860, they have, nevertheless, determined to adopt, as far as practicable, those recommendations of Sir John Aitchison's Commission which are not inconsistent with the opinions expressed by the former Commission.

37. In accordance with this determination, I have to communicate to your Excellency the sanction of Her Majesty's Government to the following measures:—

1st.—The promotions in the Presidencies of Madras and Bombay, made under paragraphs 52 and 80 of Sir Charles Wood's Despatch of the 17th June 1864, with those made in succession thereto, are to have retrospective effect given to them from the 1st January 1862, viz.,—

	<i>Cavalry.</i>		<i>Infantry.</i>	
Madras, Lieut.-Colonels...	1		4	
Bombay, ditto ...	0		3	

2nd.—From and after the date of receipt of this Despatch, all Officers of Cavalry and Infantry of the Indian Army, who attained the rank of Regimental Lieutenant-Colonel prior to the 1st January 1862, and all Officers of the several Staff Corps who had attained to the rank of Regimental Lieutenant-Colonel prior to the formation of those Corps, viz., 18th February 1861, shall, upon the completion of ten years in that grade, be placed in receipt of the Colonel's allowance. Lieutenant-Colonels now on the list, who may

have been already more than ten years in that grade, will be granted the Colonel's allowance from the date of receipt of this Despatch.

3rd.—The Military Retiring Regulations of 1837 will be extended by the addition of the two following rates of pension:—

	<i>Per Annum.</i>
After 35 years' service ...	£ 600
After 38 years' service ...	„ 750

38. Her Majesty's Government have very carefully considered the conclusion at which the Commission has arrived upon the 5th and last point, viz., the sufficiency of the measures adopted with a view of remedying that supersession of Regimental Officers of the Indian Army by their brother Officers in the Staff Corps, respecting which Lord Cranworth's Commission reported that, in their opinion, the Parliamentary assurance had not been adhered to; but they regret that they cannot admit the soundness of that conclusion, which is, in one very important particular, at variance with the opinion expressed by Lord Cranworth's Commission, while the measures suggested by them, in connexion with this point, are open to most serious objections.

39. In alluding to the complaint of supersession, Lord Cranworth's Commission stated as follows:—
"What the Officers complain of on this head is, the immediate and prospective supersession in rank of Regimental Officers by those in the Staff Corps, which was the inevitable consequence of the rules regulating promotion in the Staff Corps, and especially of that which allows previous staff service to count towards the period of service qualifying for promotion in the Staff Corps."

40. The present Commission say—

"The main ground of that grievance we consider to be the regimental connexion between the Local Line and the Staff Corps, by the retention of the names of Staff Corps Officers on the cadres of Regiments, and also by the retention on the old European Regimental cadres of the names of those Officers who have been transferred to the new Line Regiments."

41. Lord Cranworth's Commission recorded a deliberate opinion that, so far as promotion was concerned, the retention upon the cadres of their old Regiments of the names of Officers transferred to the Staff Corps is not, practically, a departure from the assurance given by Parliament that Indian Officers should, on the transfer of the local Army to the Crown, retain all their previous advantages.

42. The last Commission have expressed an opinion, on the other hand, that the recent measures introduced with a view of remedying the supersession complained of have not been effectual and sufficient, because of the non-removal of these names.

43. Her Majesty's Government feel satisfied that the plan adopted of retaining the names of Officers nominated to the Staff Corps on the cadres of their Regiments, with a view of regulating promotion, sanctioned as it was in the first instance by the opinion of the Law Officers of the Crown, and subsequently confirmed by the judgment of the Commission over which Lord Cranworth presided, was well calculated to secure to

the Officers under the contemplated changes that uniform system of regimental promotion, in all its integrity, which they had been accustomed to look forward to.

44. The removal from the general Regimental List of the Army of the names of Staff Corps Officers, and of those who joined the new Line Regiments, upon their attaining to the position of Lieutenant-Colonel—a boon to the Army unattended with any of the inconveniences that would attend the removal of the names from the regimental cadres—has been already sanctioned; but Her Majesty's Government do not consider it either just or expedient to attempt any further interference with a system which was adopted upon a careful consideration of the interests involved, and which has received the approval of high legal and other authority.

45. Moreover, any attempt to carry out at the present time the removal of those names, in the manner implied in the concluding paragraph of the Commission's report, would be attended with the greatest embarrassment, and could not possibly be effected without far greater disturbance in the relative position of the Officers of the several branches of the Army than has yet arisen from all the changes in its organization that have been effected during the last five years.

46. There remains, therefore, to be considered, as the only direct objection made by the Commission to the system of brevet rank established under Sir C. Wood's Despatch of the 17th June 1864, with a view to remedying the supersession complained of—the “disturbing effect” of that measure.

47. It is well known that the supersession complained of, in the first instance, as an interference with the usage of the service, was that of Officers of the Indian Army by their juniors in the same cadre, on the latter being admitted and promoted to a higher grade in the Staff Corps.

48. This supersession has been rectified by the brevet arrangement referred to, inasmuch as, under the peculiar constitution of the Indian Army, it is now impossible, save in rare and exceptional cases, that an Officer can be superseded in Army rank by another Officer of his own cadre; upon this subject the opinion of the late Commander-in-Chief in India, already quoted, is clear and decisive.

49. On the other hand, although the introduction of one general rule of Army promotion by length of service, generally fair and just to the whole service, could not fail to be followed, on its first introduction, by changes in the relative position on the general roll of the Army of Officers of different Corps, the rule has, upon the whole, been attended with benefit to the service at large, and the result of the several measures carried into effect since 1861 has been to give a general impulse to promotion, both Army and Regimental, throughout the Army.

50. Satisfied that, upon the whole, the Officers of the Army have derived, and will continue to derive, great benefit from the system of brevet promotion lately sanctioned by Her Majesty's Government, as laid down in General Order by your Government, No. 684 of the 4th August 1864, Her Majesty's Government do not propose to interfere with its future operation.

51. Your Excellency will, however, have observed that since the introduction of the rule for

conferring brevet rank upon the Officers of the Indian Army, there has been a disposition on the part of the Officers to complain that the rank thus conferred upon them, with the view of remedying supersession, did not carry pay, and was therefore less favorable to them than that conferred upon Staff Corps Officers.

52. Whatever title the Parliamentary guarantee may have given to the Officers to exemption from supersession in rank by any process inconsistent with the established usage of the service, Her Majesty's Government cannot recognize the claim of the Officers, either under the rules and custom of the service or under that guarantee, to any rate of pay beyond that to which they are entitled by their regimental rank under the established principle of rise by regimental seniority.

53. No Officer can at any time claim an amount of pay beyond that due to his regimental rank so regulated, whatever might be the pecuniary advantages which the Government might think proper to give to another.

54. Being, however, desirous of removing all ground of complaint on this point, Her Majesty's Government have resolved upon the adoption of the following modification of the existing rules regarding admission to, and promotion in, the Staff Corps.

55. From and after the date of receipt of this Despatch, the qualifying period of service in the Staff Corps laid down in the 2nd paragraph of the Royal Warrant of the 16th January 1861 will be dispensed with, so far as concerns Officers now in the Staff Corps and those of the Indian Army who may join any one of those Corps under the terms of this Despatch.

56. Officers of the Cadres of Cavalry and Infantry of the Indian Army will be allowed to enter the Staff Corps of their respective Presidencies from the date of receipt of this Despatch, provided their application to that effect be received at the Adjutant-General's Office of their respective Presidencies by the 1st January 1867 if the Officer be in India, by the 31st March if he be out of India.

57. Such Officers will not be subject to any test prior to admission.

58. Inasmuch, however, as many of these Officers have gained great promotion as a consequence of measures which conferred no such benefit upon Staff Corps Officers, and that such rise in promotion was even due in some cases to the removal of the names of Staff Corps Officers from the list of the local line service; and that it would be giving to such Officers, if admitted to the Staff Corps with rank so obtained, an undue advantage over those already in the Staff Corps, it has been determined that Officers of the Indian Army, availing themselves of the opportunity now offered to them of being transferred to the Staff Corps, can only be allowed to enter that Corps upon these terms, with the substantive rank to which they would have attained under the Staff Corps rule, as modified in paragraph 55 of this Despatch, if they had joined in Staff Corps on its formation, viz., 18th February 1861.

59. Any higher regimental rank they may have attained meanwhile in their respective cadres must, on their electing to join the Staff Corps, be cancelled.

60. I have further to inform you that it has been determined as far to modify the rule regarding succession to Colonel's allowances laid down

in paragraphs 13 and 14 of Sir Charles Wood's Despatch No. 467, dated 3rd December 1861, as to make the rule of succession to that allowance after the stated period of service in the grade of Lieutenant-Colonel, applicable to all Officers now in the several Staff Corps (with the exception of those who fall under the rule laid down in paragraph 37, clause 2, of this Despatch), and to all who may join them from the Indian Army under the terms of this Despatch, without reference to any fixed establishment of Colonels with Colonel's allowance; and further, to allow the brevet rank of Lieutenant-Colonel, granted under the rules contained in Sir Charles Wood's Despatch, No. 194 of the 17th June 1864, to count towards the completion of the 12 years period of service so laid down.

61. I request that your Excellency will, without delay, cause the above instructions to be carried into effect by notifying to the service at large that—

1st.—The promotions in the Presidencies of Madras and Bombay made under paragraphs 52 and 80 of Sir Charles Wood's Despatch of the 17th June 1864, and those in succession to them, are to have retrospective effect from the 1st January 1862.

	Cavalry.	Infantry.
Madras, to be Lieut.-Col. ...	1	4
Bombay, ditto ...	0	3

2nd.—All Officers of the Cavalry and Infantry of the Indian Army who attained the rank of Regimental Lieutenant-Colonel prior to the 1st January 1862, and all Officers of the several Staff Corps who had attained to the rank of Regimental Lieutenant-Colonel prior to the formation of those Corps, viz., 18th February 1861, shall hereafter, upon the completion of 10 years in that grade, be placed in receipt of the Colonel's allowance, in the event of their not having already attained to that allowance in ordinary succession, under the operation of the system laid down in Sir Charles Wood's Despatch No. 340, dated 10th August 1861, paragraph 18.

3rd.—The Military Retiring Regulations of 1837 will be extended by the addition of the two following rates of pension:—

	Per Annum.
After 35 years' service...	£ 600
After 38 years' service ..	„ 750

4th.—From and after the date of receipt of this Despatch, the qualifying period of service in the Staff Corps, laid down in the 2nd paragraph of the Royal Warrant of the 16th January 1861, will be dispensed with so far as concerns Officers now in the Staff Corps, and those of the Indian Army who may join any one of those Corps under the terms of this Despatch. Officers of the Staff Corps, who may be entitled to promotion to a higher substantive rank under the modification of the existing rule will receive such promotion from the date of receipt of this Despatch.

All Officers of the Cavalry and Infantry of the Indian Army, with the exception of those who entered upon the new conditions of service and are borne upon a general list, will be allowed to enter the Staff Corps of their respective Presidencies upon the conditions above laid down, from the date of receipt of this Despatch, without being subjected to previous examination.

5th.—All Officers now in the several Staff Corps, and all who may join them under the terms of this Despatch, will be entitled to the Colonel's allowance after 12 years' service in the grade of substantive Lieutenant-Colonel, without reference to any fixed establishment of Colonels with Colonel's allowance, the brevet rank of Lieutenant-Colonel attained to under the regulations published in General Order by your Government, No. 632, dated 4th August 1864, being however considered a substantive rank for this purpose, and allowed to count towards the above period.

62. All the regulations at present existing relating to admission to, and promotion in, the Staff Corps, will be still applicable to Officers hereafter entering the several Staff Corps, other than those of the Indian Army, who join under the terms laid down in this Despatch.

63. Having now disposed of the several complaints made by Officers of the Indian Army, and considered by either of the Royal Commissions with reference to the Parliamentary guarantee, I shall address your Excellency in a separate Despatch upon the subject of the claim made by many of the Officers to compensation for money, contributed by them towards the Regimental Retiring Funds. These claims cannot justly be supported by any reference to that guarantee, and therefore they were not entertained by Lord Cranworth's Commission; but Her Majesty's Government are unwilling to leave to the Officers generally any ground of complaint which they can, consistently with their duty, remove, and therefore they have determined that the representations made by the Officers in regard to this matter shall receive further consideration.

I have, &c.,

MILITARY.

INDIA OFFICE;

No. 160.

London, the 8th August 1866.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

SIR,—*Para. 1.* By my Despatch No. 159 of this day's date, your Excellency was informed that it was my intention to address you in a separate Despatch on the subject of representations made by many Officers of the Indian Army respecting their claim to compensation for the loss of money contributed by them, prior to the re-organization of that Army towards their Regimental Retiring Funds.

2. I find that since the year 1837, when the Court of Directors suspended the operation of an order prohibiting such proceedings, many Officers of the Indian Army have been in the habit of contributing from time to time sums of money towards the purchase of the retirements of their regimental seniors, for which sums they hoped to receive an equivalent, either in the shape of actual promotion, immediate or prospective, or by the receipt of a similar contribution in the event of their own retirement from the service.

3. This practice though not in every branch of the service wholly discontinued, has, it is alleged, been virtually put a stop to by the measures connected with the formation of the several Staff Corps, and the re-organization of the Indian Army.

4. In a petition addressed to the House of Commons by Brevet Major Sweet, of the Madras Native Infantry, and ordered to be printed, it is stated as follows, alluding to a General Order by the Government of India, dated the 2nd May 1838 :—

“On the faith of this General Order, your petitioner has invested large sums of money at different times, borrowed often at a very high rate of interest, in assisting his seniors to retire, in the sure and certain hope that in his turn to retire from the service he would receive it back again.”

And in the same petition in allusion to the appointment of certain of his brother Officers to the Staff Corps—

“The consequence of which is that your petitioner is not only deprived of that promotion to which he is entitled in accordance with the rules regulating promotions in the Indian Army, and guaranteed to him by Act 21 & 22 Vic., cap. 106, and 23 and 24 Vic., cap. 100, but he also loses all the money that he has expended at different times in assisting his seniors through his Regimental Bonus Fund.”

5. It appears from the report of the proceedings of Parliament that numerous petitions from Officers of the Indian Army, similar in substance to that from Major Sweet, have been presented to the House during the present Session.

6. That the late Court of Directors should have withdrawn a prohibition which formerly existed to the practise of purchasing the retirement of Officers cannot, in the opinion of Her Majesty's Government, be admitted to establish a claim to compensation under the Parliamentary guarantee, on the plea that changes in the organization of the Army have operated to interfere with the continuance of a practice of this purely private and permissive character.

7. Upon this point the decision of Lord Cranworth's Commission, formed after very careful consideration of the subject, must be considered as conclusive.

8. That Commission reported upon the subject in the following terms :—

“But it is impossible to understand the Parliamentary guarantee to extend to this case. The privileges and advantages which Parliament undertook should be preserved to the Army under the Crown as they had existed under the East India Company where privilege, and advantages existing between the Company on the one hand, and the Army on the other. The Company was no otherwise a party to this system of giving a bonus on retirement than as they may be considered to have given an express assurance that they would not interfere to prevent it, unless under circumstances of financial pressure, and with due notice. All that could be asked of the Crown is to assume the same passive state which had existed on the part of the Company. But the system being illegal, it is impossible to understand Parliament as having meant to guarantee the continuance of a practice which is contrary to law.”

10. It was stated, however, in my Despatch of this date, No. 159, that “Her Majesty's Government are unwilling to leave the Officers generally any ground of complaint which they can consistently with their duty remove.” They have, therefore, resolved upon authorizing your Government to investigate the claims of Officers on the above account.

11. With this view, the following course will be adopted :—

A Committee will be formed at each Presidency, for the purpose of investigating and reporting upon claims of this nature on the part of Officers borne on the strength of the Indian Army on the 18th February 1861.

12. An Officer proposing to retire from the service, or having retired since 18th February 1861,

and being below the rank noted in the margin at the time of retirement, will submit his claims to compensation for the loss of sums subscribed for the purpose of assisting his seniors to retire, through the usual channel, to the Government of his Presidency, by whom they will be referred to the above Committee. He will submit, at the same time, a declaration, upon honor, as to the sum of money, if any, that he has received or expects to receive, from the Officers of his cadre on retirement.

13. It will be the duty of the Committee to ascertain, with all possible accuracy, the following circumstances :—

1st.—The number of retirements among his brother Officers to the purchase of which the Officers had contributed up to 18th February 1861. This will, of course, not include arrangements which may have been made with Officers transferred to the Invalid Establishment.

2nd.—The amount ascertained to have been actually paid in each case by the Officer in question to the retiring Officer.

14. These facts may be gathered from the statement of the Officer himself, supported by such proof as the Committee may consider sufficient; but it will be competent for your Government, in communication with those of Madras and Bombay, to lay down any general rules that you may think fit for the guidance of these Committees.

15. The above sums will be placed to the credit of the Officer in each case.

16. On the other hand, the Committee will estimate the value in money of the advance in rank or position which accrued to the Officer from the above arrangements, and will debit him therewith.

17. The balance, reduced by the sum, if any which he may receive from the Officers of his cadre on his retirement, and, in the cases of Officers who have already retired, by the value of any special annuity that may have been granted to them in addition to the regulated pension, will be paid to the Officer on his resignation of the service appearing in order, provided in the case of the Cavalry, Infantry, and Staff Corps, such retirement or resignation takes place before he attains the rank of Regimental Lieutenant-Colonel, and if in the Artillery or Engineers, before he attains the rank of Colonel Commandant.

18. Special periodical reports of the sums so paid will be made to Her Majesty's Government.

I have, &c.,
(Sd.) CRANBORNE.

Officers desirous of entering the Staff Corps under the provisions of the Despatch from the Right Hon'ble the Secretary of State, No. 159 of the 8th August 1856, are required to communicate

their wish to that effect to the Adjutant-General's Office at their respective Presidencies by the 1st of January 1857 if in India, or if out of India by the 31st March 1867.

2. The admission of Officers to the Staff Corps, under the provisions of the Despatch now published, will have effect from the 12th September 1866—the date of the receipt of that Despatch by the Government of India.

3. Officers now belonging to the Staff Corps who are eligible for promotion to a higher substantive grade by length of Army service, but who have not as yet fulfilled the conditions of Staff service hitherto exacted, will be at once promoted; and Officers entering the Staff Corps under the conditions laid down in the Despatch of the 8th August 1866, No. 159, will receive the substantive promotion to which their length of Army service may entitle them under Staff Corps rules, without reference to any qualifying period of Staff service.

4. Promotions made under the provisions of the foregoing paragraph, whether of Officers now belonging to the Staff Corps, or of those entering it under the new conditions, will date from the 12th September 1866. These Officers will retain the Army rank conferred upon them under the provisions of paragraph 69 of G. G. O. No. 632 of the 4th August 1864, and will, in due course, on completing the prescribed periods of Army service, receive such further substantive promotion as they may become entitled to under Staff Corps rules, without the restriction of two years' interval before advancement to a higher grade which was exacted on the formation of the Corps, under Clause 3 of the Royal Warrant of 16th January 1861. In the case of Lieutenant-Colonels, the brevet rank conferred under the order of the 4th August 1864 will be allowed to reckon towards the prescribed service in that grade qualifying for the Colonel's allowance.

5. Officers entering the Staff Corps from the 12th September 1866, and who may not be in the receipt of consolidated salaries or of Staff salary in addition to pay and allowances, will continue to draw the latter on the scale hitherto received, until they obtain promotion to the higher substantive rank, or come into the receipt of Staff salary.

6. Officers entering the Staff Corps on the terms laid down in paragraphs 58 and 59 of the Despatch will not be subjected, in consequence of any cancelment of rank, to any retrenchment of pay actually drawn in a higher rank prior to the 12th September 1866.

7. Orders will hereafter be issued in furtherance of the instructions conveyed in Lord Cranborne's Despatch No. 160 of the 8th August 1866.

2. The tonnage of every vessel, whether laden or empty, shall, for the purposes of the *Canals' Act* and of these Rules, be determined by the following measurements :—

(a.) The product of half the length of the vessel from the stem to stern measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(b.) The measurement of the length is to be made in feet, rejecting inches. The measurement of the breadth and depth is to be made in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

6. Every vessel or raft which has paid toll shall be allowed three days to pass through the channel, the days of entering and leaving being both included; and any vessel or raft remaining in any part of the channel longer than the period above fixed shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll paid. Every vessel or raft remaining in the channel more than one month, without authority from the Supervisor, shall be subject to be summarily removed.

7. Any person infringing any of the above Rules, or wilfully interfering in their enforcement, shall be liable, under Section XI. of the *Canals' Act*, to a fine not exceeding fifty Rupees for any one offence.

PUBLISHED for general information.

FORT WILLIAM,
The 6th October 1866. }

By Order of the Board of Revenue,
B. L. MANGLES,
Offg. Junior Secretary.

Municipality of the Suburbs of Calcutta.

HIS HONOR the Lieutenant-Governor of Bengal, in accordance with the provisions of Section 88, Act III. (B. C.) of 1864, having directed the publication of the following Bye-laws for the Suburbs of Calcutta, in supersession of the existing ones, in the *Calcutta and Benarshi Gazettes*, they are hereby published for general information:—

For regulating the time and mode of collecting the Rate and Taxes.

1. EACH quarterly instalment of the rate and taxes mentioned in the Act shall be considered to have become due at the commencement of the quarter on account of which such instalment is payable, and may be levied at any time after the commencement of such quarter, that is to say:—

The instalment payable on account of the quarter ending	31st July. " Oct. " Jan. 30th April.	May be levied on and after	1st May. " Aug. " Nov. " Feb.
---	---	----------------------------	--

2. From the lists prepared under the provisions of Sections 29 and 39 of the Act, the collecting officer shall prepare the bills prescribed by Section 44. The bills so prepared shall be issued under the signature of the Commissioners or Officers appointed by them, or their Secretary, if there be one, to the subordinate officers on the collecting establishment, and shall be by them presented to the persons named therein, in the manner hereinafter described.

3. Every collecting officer shall be provided with a certificate of his authority to collect; and every such certificate shall bear the seal of the Municipality and the signature of the Chairman or Vice-Chairman. Every collecting officer at the time of demanding payment shall be bound to shew this certificate if required.

4. The collecting officer, taking the money in payment of any demand, shall give the receipt for it.

5. When the name of any owner is not known, it shall be sufficient to designate him in any notice, bill, or other proceeding under the Act, as the owner of the property on which the rate is assessed, without further description.

6. Every bill, for any sum due on account of the rate or taxes leviable under the Act, shall, if possible, be presented to the individual named therein in person; but if such personal presentation be found impossible, the bill shall be left at his usual place of abode, and such delivery shall be deemed to be the presentation required by Section 44.

7. The officer to whom a bill may be issued for presentation, shall receive the amount of such bill at the time of presentation, or at any time within ten days from the date on which the bill shall have been first presented by him.

8. Every person required, in writing, to furnish any schedule or return which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in Section 81 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rupees 5 for the omission, and to a penalty not exceeding Rupees 2 for every day the omission shall, after warning, continue. Any person submitting a false or incorrect schedule or return

shall be liable to a penalty of Rupees 5, provided that nothing in this Bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code, should the facts appear to warrant such a proceeding.

9. Every owner, occupier, or other person shall permit the Commissioners, or any one appointed by them, under a written authority for that purpose, at any time between sun-rise and sun-set, to enter and inspect any coach-house or stable in which there is reason to believe that there is any vehicle or animal liable to taxation under Section 35 of the Act. Any person obstructing the Commissioners, or any person duly authorized by them in making such entry and inspection, shall be liable to a fine not exceeding Rupees 20.

10. Every distraint made under the Act shall be executed by the collecting officer, unless the Commissioners may otherwise direct, and the property distrained shall, pending sale or recovery from the defaulter of the amount due, remain in charge of the collecting officer, who shall deliver a list in the Form C., prescribed in the Act, of the property distrained.

11. Immediately on distraint the distraining officer shall post upon the house of the defaulter a notice of sale, fixing a day for the sale, not less than seven days from the date of distraint; and on the day of sale notice shall be given by beat of drum.

12. Payment of purchase money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

13. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

14. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

15. Whenever it shall be proved to the satisfaction of the Commissioners that any person in their employ has been guilty of any violation of duty, or wilful breach or neglect of any rule, regulation, or order made or given by competent authority, or has withdrawn from the duties of his office without permission or without having given previous notice for the period of one month, or has done any act by the performance of which, or has omitted to do any act by the non-performance of which, the Commissioners shall have suffered, or may have incurred the risk of suffering, loss or injury, or has failed to perform any duty

with all due diligence, or has been guilty of any act of insubordination towards any superior officer, or has accepted or obtained, or agreed to accept or attempted to obtain, from any person, for himself or for any other person, any gratification whatever, other than authorized remuneration, in respect of any official act, or has in his official capacity given any information which he knows or believes to be false, or has committed any offence punishable under any law, such person shall be liable to punishment by fine not exceeding one month's pay, or by suspension from office for such period as the Commissioners may fix, or by degradation, or by summary dismissal from his situation, in addition to any penalty to which he may be liable under the provisions of any law. Any person so dismissed shall be liable, at the discretion of the Chairman, to forfeit all pay and allowances due to him, not exceeding the pay and allowances for one month.

16. The Chairman or Vice-Chairman may originate, receive, or enquire into a complaint of misconduct or neglect in the performance of duty against any person employed by the Commissioners.

17. Nothing herein contained shall be held to debar the Commissioners from instituting proceedings in any Civil Court having jurisdiction against any person being or having been in their employ, with a view to the recovery of damages for any loss or injury which they may have sustained in consequence of any act done or omitted to be done by such person.

HOME DEPARTMENT.

No. 5288.
ECCLESIASTICAL.

Simla, the 10th October 1866.

THE Right Hon'ble the Governor General in Council has learned with the deepest sorrow the death, through a calamitous accident, of the RIGHT REVEREND GEORGE EDWARD LYNCH CORTON, Lord Bishop of Calcutta.

There is scarcely a member of the entire Christian community throughout India who will not feel the premature loss of this Prelate as a personal affliction. It has rarely been given to any body of Christians in any country to witness such depth of learning and variety of accomplishment, combined with piety so earnest, and energy so untiring. His Excellency in Council does not hesitate to add the expression of his belief that large numbers, even among those of Her Majesty's subjects in India who did not share in the faith of the Bishop of Calcutta, had learned to appreciate his great knowledge, his sincerity and his charity, and will join in lamenting his death.

From E. H. LUSHINGTON, Esq., Secretary to the Government of India, Financial Department, to the Officiating Head Commissioner of Paper Currency, (No. 2515, dated Simla, the 2nd October 1866.)

I AM directed to acknowledge the receipt of your letter No. 254, dated the 10th September 1866, stating that inconvenience is caused by that part of paragraph 8 of Financial Notification No. 1004A, dated the

30th July 1866, which directs that intimation of the loss, destruction, or mutilation of a note or portion of a note of a Branch Circle be given to the Head Commissioner, and suggesting that this requirement of the 8th paragraph be cancelled, as intimation of the stoppage of notes is always sent by the Deputy Commissioner to the Head Office, while it is inconvenient for the losers to address both the Head Office and the Deputy Commissioner of the Branch Circle, and their doing so may lead to confusion.

2. The Governor General in Council is pleased to adopt your suggestion, and I am to request that the Commissioner of Madras may be informed that, under the amendment now authorized, the loss of a Currency Note of the Calicut or Trichinopoly Circle need not be intimated to him by the losers.

ORDERED, that a copy of the foregoing be published in the *Gazette of India*.

No. 235.

The following draft of Rules having reference to the under-mentioned navigable channel in the District of Dacca, viz:—The line of channel connecting the Booreegunga with the Baloo River near Teermoney is published for information, under the provisions of Section XI. of the Canals' Act, (No. V., 1864, B. L. C.) :—

1. Every vessel on entering the above navigable channel shall be liable to measurement by the Officer in charge of the Toll Station, for the purpose of ascertaining the amount of toll to be levied.

2. The tonnage of every vessel, whether laden or empty, shall, for the purposes of the *Canals' Act* and of these Rules, be determined by the following measurements :—

(a.) The product of half the length of the vessel from the stem to stern measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(b.) The measurement of the length is to be made in feet, rejecting inches. The measurement of the breadth and depth is to be made in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(c.) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 50 maunds is to be omitted; and a fraction exceeding 50 maunds is to be charged as 50 maunds only.

3. No raft will be admitted into the channel in excess of fifty feet in length or five feet in breadth. No timber, bamboos or grass will be admitted, except securely and compactly packed in the form of a raft.

4. Every vessel entering the channel shall, on paying the prescribed toll, be furnished with a ticket. The ticket will specify the date of entry, the maundage of the vessel, and the amount of toll paid, and must be produced whenever asked for by the Supervisor, or those duly authorized by him to do so. Payment at one Toll Station shall clear the vessel of the other Station, at which the ticket must be given up to the Toll Collector.

5. No vessels whatever, except such as are employed on works connected with the maintenance or improvement of the line of channel in question, shall be exempted from paying toll.

6. Every vessel or raft which has paid toll shall be allowed three days to pass through the channel, the days of entering and leaving being both included; and any vessel or raft remaining in any part of the channel longer than the period above fixed shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll paid. Every vessel or raft remaining in the channel more than one month, without authority from the Supervisor, shall be subject to be summarily removed.

7. Any person infringing any of the above Rules, or wilfully interfering in their enforcement, shall be liable, under Section XI. of the *Canals' Act*, to a fine not exceeding fifty Rupees for any one offence.

12th. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the Officer of Government superintending the sale shall be competent at any time during the sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always that no lot shall be sold below the minimum price of Rupees 800 specified in the second of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price, and under the same Conditions, any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14th. No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of Such Opium.

16th. The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1865-66, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state; to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta may be seen on application at the Office of the Junior Secretary to the Board of Revenue.

17th. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but, in accordance with established usage, under no circumstances will the Board entertain or

recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the sale and delivery of the Opium for shipment.

18th. It is hereby further notified that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1867, there shall be delivered to them at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification.

* Behar	21,000
Benares	27,000
	48,000

If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 48,000* Chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sale of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*.

6. Every bill, for any sum due on account of the rate or taxes leviable under the Act, shall, if possible, be presented to the individual named therein in person; but if such personal presentation be found impossible, the bill shall be left at his usual place of abode, and such delivery shall be deemed to be the presentation required by Section 44.

7. The officer to whom a bill may be issued for presentation shall receive the amount of such bill at the time of presentation, or at any time within ten days from the date on which the bill shall have been first presented by him.

8. 11. Immediately on distraint the distraining officer shall post upon the house of the defaulter a notice of sale, fixing a day for the sale not less than seven days from the date of distraint; and on the day of sale notice shall be given by beat of drum.

12. Payment of purchase money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

The following Orders issued by the Government of India, in the Home Department, are re-published for general information:—

No. 3753.—The following Notification published by the Government of Bombay, regarding the Lighthouse at Rutnagherry, is re-published for general information:—

The following Notice, descriptive of the Light, Position, &c., of the Lighthouse at Rutnagherry, is published for general information. To admit of ample notice being given before the Light is brought into use, it will not be lighted before the 1st January 1867:—

1.—The Lighthouse at Rutnagherry is a short column raised in the South Bastion of an old Fort built in a very Bluff headland rising 300 feet above the Sea. The Light, on the Dioptric principle of the 3rd Order and Red in color, will be visible from a vessel's deck, in clear weather at a distance of at least 18 miles.

2.—The Lighthouse is in Latitude 16° 59' 0" North, and Longitude 73° 15' 47" East of Greenwich, or 0° 27' 39" East of Bombay Lighthouse.

3.—There are three anchoring grounds,—the outer anchorage for sailing vessels, the outer anchorage for steamers, and the inner anchorage for steamers during the fair season only.

4.—Vessels anchoring at the outer roadstead should do so in 8 fathoms of water at a distance of a little over a mile from the Lighthouse, and with the following bearings:—

Lighthouse, N. 59° 04' E., or N. E. by E. $\frac{1}{2}$ E.

Adawlut Building, * N. 81° 33' E., or E. $\frac{1}{4}$ N.

White Tomb near the beach to the South of the Creek, N. 109° 04' E. E. by S. $\frac{1}{4}$ S.

5.—Steam vessels making the port at the beginning or close of the South-West Monsoon should anchor in 6 $\frac{1}{2}$ fathoms with the Lighthouse bearing due North, and the Adawlut Building bearing E. N. E.

6.—The inner anchorage is only available for steamers during the fair season: vessels should anchor in not less than 4 fathoms with the Lighthouse bearing N. W. $\frac{1}{4}$ N., and the Adawlut E. by N. $\frac{1}{4}$ N.; that position will place them at a distance of about 1,200 yards from the landing place, and 700 yards from the edge of a ridge of rocks running out from the beach in front of the Custom House.

7.—The Port of Rutnagherry does not afford the least shelter for vessels during the South-West Monsoon; but a vessel in distress would in a measure be sheltered by anchoring in 5 fathoms after rounding the North Point of Meria Donghur—a Hill 3 miles to the North of the Lighthouse.

* A very large house on the Hill bordering the Creek to the North.

[1815]

8.—The Bay between Meria Donghur and the Lighthouse Hill does not afford any shelter, but on the contrary is open to the full force of the monsoon.

HYDROGRAPHICAL DEPARTMENT.

Sea of Mindoro.

Eastern Coast of the Island of Balabac.

Lighthouse of the Port of Prince Alfonso in the Bay of Caladabay.

The following information is published in amplification of the Notice No. 23 of 26th April 1865 :—

At the southern point of the Port of Prince Alfonso in 8° 1' 0" N. latitude, and 123° 13' 30" E. longitude, on the Hill called Admiral Gil, there is a square white Tower with a red base, which is situated to the East of a white house with a red roof, which serves as a dwelling for the keepers. The said Tower carries an hexagonal lantern with a helmet-shaped top, painted red as well as the lantern. This contains a catadioptrical apparatus of the 30th Order Stm. 732 above the level of the Sea; there burns a white fixed light, which, in the ordinary state of the atmosphere, reaches to a distance of ten miles.

The said light bears S. 66° W. from the midway of the Channel formed by the Islands of Candamuran and Nasoobata; N. 22° W. from the midway of the Channel formed by the Islands Nasoobata and Cameron; N. 59° W. from the midway of the Channel formed by the Islands Cameron and Lomboacan; and N. 33° W. from the midway of the Channel formed by the Island Lomboacan, and the S. E. Coast of Balabac.

The arc of illumination comprises an extent of 140° from the Strait or Channel North of Balabac to the farthest visible point of the Southern Coast of this Island, and passes at 4 miles S. E. of Nasoobata, at 1 mile E. of Cameron, and at 3 miles N. W. of Lomboacan.

Vessels coming from W. by the Channel North of the Island, called the Good Channel, on coming out of it will descrie the lighthouse to the S. 36° W. at a distance of 7 miles. Those which come from the N. E. will cut the arc of illumination in so far as they have the Island of Bijan bearing North, that of Candamuran West, and that of Nasoobata S. 40° W., this last at 5 miles distance.

Those which stand in by the E. (which is not prudent on account of the bank which there is between Nasoobata and Cameron) on entering the arc of illumination, Nasoobata ought to bear N. 60° W. and Cameron S. 25° W., this last at a distance of 4 miles.

Those which come by S. E. guided by buoys on the N. part of the Island Lomboacan will enter the arc of illumination as they have the Island of Cameron bearing N. 22° E., and that of Lomboacan S. 20° E., both at the distance of 3 miles.

Those who stand in by the S. will find themselves within the illuminated sector when they are 5 miles W. of Lomboacan, and go coasting along the Island of Balabac at a distance of 2 to 3 miles.

The bearings are correct.

Western Coast of the Island of Luzon.

Masingloc Shoal.

It appears from a Despatch sent by the Commander of the corvette *Narvaez*, to the Commander-in-Chief of the Station at the Philippines, dated 8th September 1865, that having left Manila on the 5th of the same month for the Masingloc or Scarborough Shoal, for the purpose of saving the English bark *Eliza Bonche*, which was said to be aground thereon, he came in sight of the Shoal at 9 in the morning of the 7th, and approached it within a short distance, although the said bark did not appear. He was thus enabled to note a summit or head of rock about 2 metres high, against which the sea broke from the S. W., and to distinguish on the N. E. point of the Shoal other smaller ones, also of rock or coral, from two to three feet out of water.

At mid-day the chart was pricked at 15° 11' N. latitude, and 123° 51' 4" longitude E. of San Fernando (117° 41' 48" E. of Greenwich) by the meridian altitude and the chronometers, and the shoal bearing to the W. at 3 miles distance, from which it is to be inferred that its eastern part or edge is in the English charts 14 miles further E. than the position given by the chronometers regulated at Manila before and after the expedition.

It is known from the same Despatch that the mate and some of the crew of the lost bark went on board the *Narvaez*, and that the charts referred to are English; but as the author of them is not mentioned, it is not possible to say whether they are from the Admiralty, or by some private person.

With respect to the charts of this Department, the difference which appears in the situation of the Shoal is almost identical, and to express it with greater clearness the great rock comes near about 123° 51' E. longitude, according to the above-mentioned chronometrical observations.

Reef of the Niña.

Lieutenant D. Coriasco Paley Martinez, Commander of the hooker *Niña*, has sent a Despatch, dated 4th January 1866, to the Commander-in-Chief of the Philippines, from which the following is an extract :—

" On the 28th September 1865, at 7-40 in the morning, when sailing E. S. E. with a fresh wind from S. $\frac{1}{2}$ S. W. and sea trending from S. W., breakers were descried ahead on the larboard tack, for which reason I gave orders, after observing them well, to bear away to avoid them, and made course to N. E. $\frac{1}{2}$ E. At 8 hours 30 minutes circumstances being favorable for the determination of the hourly, various altitudes of the sun were taken with confidence. At that time the said breakers bore N. 60° E. and at an estimated distance of 7 miles, they could be quite clearly distinguished from the cross of the main-yard, and appeared to be caused by a reef of rock about 2 miles in extent from N. to S., which is not marked on the charts."

" At 9 hours 45 minutes the said danger was out of sight, and I went on my track hauling on the starboard tack; but at mid-day, with the altitudes of the sun, observed at 8 hours 30 minutes in the morning, and the meridional which was also to be depended on, I placed it in 35° 41' 0" S. latitude, and 45° 42' 37" 5 E. longitude."

As the *Niña* did not take soundings, nor does it appear that she observed the breakers at a short distance, and on the other hand the charts show different shoals, doubtful, or of uncertain position, in those places, this Department confines itself for the present to warning Mariners to be on the alert when they cruise in the waters of the locality which the Commander of the hooker assigns to the supposed reef.

No. 253.

The 18th October 1866.

The following draft Rules having reference to the Kendrapara Canal and the First Section of the "High Level Canal" from Cuttack to Oolobarriah, are hereby published under the provisions of Section XI. of the "Canals' Act, 1861." (No. V. B. L. C.) :—

I. Every vessel on entering either of the above Canals shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay, according to the schedule of rates authorized by Government to be charged on the Canal.

II. The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals' Act, 1861," and of these Rules, be determined by the following measurements :—

a. The product of half the length of the vessel from stem to stern measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

b. The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

c. In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds, as 75 maunds only. Above one thousand maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III. Every vessel entering either of the above Canals shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the Canal, the point to which it may proceed in the Canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the Canal, and the date of such last day. The number of days which the vessel may remain in the Canal without additional payment, shall be calculated at the rate of one day for every 8 miles, or portion of 8 miles, to be traversed.

IV. Toll may be paid at the first station either for the entire number of Toll Stations on the line of navigation, or for any less number of stations.

V. The tickets thus given may be demanded for inspection by any duly authorized Canal Officer, and must be kept on board and at hand for that purpose. They must be shown at each Toll Station the vessel has to pass, as a passport that no further payment of toll is to be demanded. The tickets shall be delivered up at the last Toll Station.

VI. Owners of vessels may compound by the payment of a fixed sum, for the use of the whole or a portion of either of the above Canals for any period that may be agreed upon, not exceeding

one year. Each vessel so compounded for shall be furnished with a ticket shewing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the Canal within which the vessel may pass; such ticket shall be kept on board the vessel and shall be produced when required, under Rule V., but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII. Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by Officers in charge of Toll Stations on payment of a fee of one Rupee.

VIII. Vessels remaining in the Canals for a period exceeding that allowed under Rule III. will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

IX. No boats above 18 feet beam over all, and no rafts or floats of more than 10 feet width and 150 in length, will be allowed to enter the Canals.

X. It will not be compulsory for the locks to be opened to single vessels of less than 500 maunds burden, except in the case of mail or despatch boats; but the locks shall be opened for the passage of boats at least twice a day.

XI. Vessels must have their masts fitted so that they can be let down with ease and speed, and when under sail, vessels must always keep in the middle of the Canal; when being tracked, vessels are, as far as practicable, to keep to their port or left side of the Canals.

XII. All vessels anchoring at night are to keep to their port or left bank of the Canals.

XIII. Only one vessel shall be allowed to make fast along and in a line with the Canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a Canal Officer. No vessel shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation; and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rupees 5 for each offence.

XIV. Every vessel when put to, shall be securely fastened, and shall at all times have some person in attendance on board of it. Any infringement of this rule will be punishable by a fine not exceeding Rupees 5 for each offence.

XV. In every case of wreck or obstruction of the channel by sunken vessels, the Canal Officers may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the Canal Officers, these Officers may undertake the removal of the obstruction themselves at the cost of the owner of the boat, recovering the expense in the manner laid down in Section IX. of the "Canals' Act, 1861."

XVI. If the Canal Officers be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the Canals' Act, he shall notify the seizure in the most public manner available.

XVII. In the event of any damage or injury being occasioned to be Canal works by wilfulness or negligence on the part of any person in charge of a vessel, the Canal Officers may detain the vessel within the Canal for a period not exceeding 24 hours, provided, that within that period the Canal Officers shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section XVI of the Canals' Act.

XVIII. The banks or berms of the Canals shall not be used as wharves for the deposit of goods, under a penalty of 10 Rupees for each offence; but except in special cases, when the permission of the Canal Officers will be necessary, all articles shall be removed to the outer banks of the Canals, and all such articles as shall not be finally removed from within the boundaries of the Canals within a period of six days after being so deposited, shall be liable to a charge of four annas per 100 maunds.

XIX. The Canals may be closed once a year, for effecting the necessary repairs to them, on one month's notice of the intention so to close them; but in the event of any sudden emergency, the Canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX. All offences against the provisions of these Rules shall be punishable as provided for in Section XVIII. of the "Canals' Act, 1864," and all fines imposed may be recovered in the manner mentioned in Section XVII. of the same Act.

XXI. The term "Canal Officers" in the foregoing Rules shall include the persons alluded to in Section VIII. of the "Canals' Act, 1864," and any other persons who may be specially appointed to exercise such powers by the person appointed to collect the tolls.
